Presented by William Miller, Director, Career Services, Customer Solutions, DWD

- Mr. Miller announced that there were two items of business regarding the State Workforce Innovation Council as the Balance of State Workforce Investment Board.
- Eight Regional Workforce Boards have been certified by the Board. Region 7 and Region 11 now have met the state requirements for constituted boards. He recommended approval of those boards. Region 5 is working on certification.

Review of State Workforce Innovation Council (SWIC) Roles and Responsibilities

presented by Teresa Voors, General Counsel and Director of Policy, DWD

- Ms. Voors presented a Memorandum from DWD Legal Counsel regarding the "Legal Duties of the State Workforce Innovation Council." The memo addressed both the SWIC's legal duties (both state and federal) as the State Board and its duties as the local Workforce Investment Board for the balance of the State (excluding Marion County).
- Generally, the SWIC serves in an advisory capacity to the Governor in its capacity as the State Council.
- In the SWIC's capacity as the local Workforce Investment Board for the balance of the state, the SWIC's duties are more detailed. The Balance of State Board signs off on federal monies, develops the local strategic plan, and performs other duties to help the Regional Workforce Boards. They are one of two boards, with Marion County being the other board.
- Ms. Voors suggested if a board member wanted to report a concern, he/she should contact John Ruckelshaus, DWD Deputy Commissioner of Government Affairs.
- Mr. Hunt requested that Ms. Voors' Memorandum be mailed to those SWIC members who are absent from today's meeting.
- There was discussion about the eleven strategic plans which have just been received according to Ms. Voors. Members reported that they would like to know what common challenges and themes the boards are facing. Ms. Voors reported that once the plans were reviewed, she would provide a short summary at the next meeting. Mr. Hunt said if different approaches were being taken by the boards could Ms. Voors report that, say rural and city approaches, counter and counterpoint.
- Ms. Voors reported that three regions may be ready to present their plans at the June meeting.

Mr. Hunt reviewed the dates of the scheduled SWIC meetings for the rest of the year. He asked that the notice of the meetings be sent to all members.
